**QUALIFICATION PROCEDURES**

Shooters who qualified during the **2010-2011 Season** do not need to **re-qualify** for the 2011-2012 season. All shooters must have a valid base hunting permit in their possession to test and qualify.\*

- A “ONE SHOT-ONE KILL” SKILLS TEST HAS BEEN IMPLEMENTED FOR HUNTERS WISHING TO HUNT IN ARCHERY ONLY AREAS.
- ONLY FIELDTIPS WILL BE USED FOR THE TEST. BROADHEADS ARE NO LONGER REQUIRED. YOU MUST SHOOT WITH YOUR OWN GEAR.
- THE SHOOTER MUST HIT THE KILL ZONE ON THE FIRST SHOT. THE KILL ZONE IS THE HEART, LUNG AREA ON A 3D DEER TARGET, ALSO KNOWN AS THE 8 RING (ABOUT THE SIZE OF A PIE PLATE).
- ALL BOW SHOOTERS (COMPOUND AND TRADITIONAL) WILL SHOOT AT RANDOM DISTANCES, DETERMINED BY TARGET PLACEMENT AT THE TIME OF TESTING.
- A SHOOTER CAN USE PERIPHERAL EQUIPMENT (RANGE FINDERS, ETC.) TO PRE-DETERMINE DISTANCE TO FIELD OBJECTS FROM THE FIRING LINE PRIOR TO THE SHOT. A MAXIMUM OF 5 MINUTES WILL BE GIVEN FOR THE SHOT. SHOOTERS CANNOT LEAVE THE FIRING LINE AFTER THE TARGET IS IN PLACE.
- NO PRACTICE SHOTS AT THE 3D TARGETS WILL BE PERMITTED FROM THE FIRING LINE.
- ONCE A SHOOTER QUALIFIES HE/SHE WILL FILL OUT AND SIGN A LOG BOOK. THIS INFORMATION WILL BE ENTERED INTO EFAWCTS BY THE BASE WILDLIFE SECTION STAFF ALLOWING THE INDIVIDUAL TO CHECK OUT AND HUNT IN DESIGNATED BOW AREAS. IF THE INFORMATION PROVIDED IS NOT LEGIBLE OR INCOMPLETE, IT WILL NOT BE ENTERED INTO EFAWCTS AND THE SHOOTER WILL NEED TO RETEST AND QUALIFY BEFORE ACCESS TO BOW AREAS WILL BE GRANTED.
- IF A SHOOTER FAILS TO QUALIFY HE/SHE MAY COME BACK ANOTHER DAY BUT WILL NOT BE ALLOWED TO RE-TEST THAT DAY.

A list of qualified individuals will be turned in on completion of each day of testing. Individuals should allow 5 business days after this date for administrative processing.

\*Archery skills testing is not required for hunters using archery equipment to hunt in designated gun hunting areas.
